## SUMMARY

Final-year Computer Science and Engineering student at Mohamed Sathak Engineering College with a strong interest in Data Science, Data Analytics, and Web Development. Completed a one-month internship at BICS Global in the Data Science domain, gaining hands-on experience in Python, data analysis, and problem-solving. A motivated and adaptable individual, eager to apply technical skills and knowledge to build a successful career in Data Science and Web Technologies.

## EXPERIENCE

### Data Science - Internship

#### BICS Global

📅 07/2025   08/2025    📍 India

Internship in the Data Science domain

- Gained hands-on experience in Python programming, data analysis, and handling real-world datasets
- Learned to apply data science techniques for problem-solving and decision-making
- Worked under the guidance of supportive mentors in a collaborative, student-friendly environment
- Improved analytical skills, adaptability, and teamwork, building a strong foundation for a career in Data Science
- Enhanced problem-solving and research skills by working on project-oriented tasks and case studies
- Developed a better understanding of industry practices and workflows in the data science domain

## EDUCATION

### BE Computer Science & Engineering

#### Mohamed Sathak Engineering College

📅 08/2022   06/2026    📍 Kilakarai, Tamil Nadu

#### HSLC

#### Banu Matric Hr Sec School

📅 08/2018   06/2022    📍 Sikkal, Tamil Nadu

#### SSLC

#### Banu Matric Hr Sec School

📅 08/2016   08/2020    📍 Sikkal, Tamil Nadu

## STRENGTHS

### Leadership Experience

Strong leadership and teamwork skills demonstrated through leading hackathon teams and seminars
